Some covered prescription drugs need approval from us before we will cover the drug.

Some covered prescription drugs require step therapy before we cover them. With step therapy, you must first try one or more drugs before we will pay for drugs that require step therapy.

To get the most up-to-date precertification requirements and a list of drugs that require step therapy, see your plan documents or go online to your member website.

If so, you will pay the brand-name copay. If you ask for a brandname prescription drug when a generic is available, you will pay the applicable brand-name copay plus the difference between the generic price and the brand-name price.
